# 01 Abstract

## Little Meme. Big Dream. Welcome to BABY HARE...

BABY HARE was created in Jan 2022 with the goal of being a decentralized meme project with true purpose.

BABY HARE's mission is to bring popular cryptocurrency concepts to the mainstream. Unlike older, comparable projects, BABY HARE introduces holders to next-gen concepts such as participation rewards, NFTs, decentralized exchanges, and more.

Within the first month of its launch, BABY HARE made history by surpassing a \$1 million market cap and over 3,000 holders. This was an unprecedented milestone for a project of its kind, and proved the world's belief in the project.

The BABY HARE project includes...

### **\$BHARE TOKEN**

An BEP20 meme token that fosters and promotes healthy and widespread usage and decentralization of the project through a specific reward linked to users' transactions involving decentralized wallets. The more holders use, trade and execute transactions with \$BHARE, the higher the rewards! It's a kind of automagic ;-)

### **BABY HARE SWAP**

Decentralized exchange that features custom functionality and allows holders to trade among themselves and without any centralized point of failure any BEP 20 token for another.

### **BABY HARE CRATE**

NFT Marketplace where users can stake \$BHARE in exchange for NFT rewards created by artists from community contests. The artists are awarded prizes out of the \$BHARE staking pool.

### **BABY HARE PAW PRINT**

Wallet tracker where users can track their prizes and rewards out of \$BHARE usage, current token valuations, wallet balance, and more.

### **BABY HARE sWAG [coming soon!]**

A merchandise store run by a ownerless, stockholderless non-profit organization to allow \$BHARE holders to proudly support BABY HARE's fun in the real world, with any and all proceeds supporting the BABY HARE's project growth, maintenance and future features.

# 02 Values

## TRANSPARENCY & COMMUNITY

BABY HARE is ownerless, fully decentralized and supported by its community of enthusiasts. Free, open and frank communication is encouraged within the community supporters so that everyone willing can be informed and even participate in every step of BABY HARE's growth! Multiple, independent, free group efforts in development, community self-management and more are strongly encouraged!

## TRUST

In the cryptocurrency market, Trust is paramount. That means full transparency not only in the community support and development, but also in any security effort. Examples include top-grade audits of \$BHARE's code, and liquidity tokens being burnt to strongly reduce any risk of malicious behavior.

## LONGEVITY

BABY HARE is in it for the long haul. The decentralized community is fostering long-term development of the ecosystem which will result in real use cases, greater rewards and a popularity beyond any temporary trends.

# 03 Ecosystem

## BABY HARE SWAP

Launched Feb 16, 2022, BABY HARE SWAP is a decentralized exchange (DEX) where users can swap any BEP20 token for another one.

It is powered by Uniswap, the largest and safest DEX in the world and acts as the foundation on which BABY HARE will develop further functionality and use-cases for any \$BHARE holder.

## BABY HARE CRATE

Coming in May 2022, BABY HARE CRATE is the official BABY HARE community's NFT decentralized marketplace - \$BHARE tokens can be staked (locked) in order to receive exclusive NFT rewards and digital collectibles featured by artists that are themselves part of the BABY HARE community.

BABY HARE will foster participation in regular contests for artists to showcase their work and have the community vote on which should be added to the marketplace.

## BABY HARE PAW PRINT

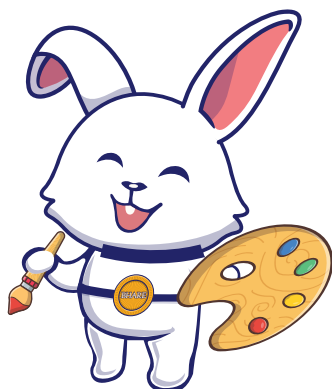

Launched in Aug 2022, BABY HARE PAW PRINT is an app with which users can track their \$BHARE token stats over time.

Stats include \$BHARE rewards and total balance, current USD value, price charts, and more.

## BABY HARE sWAG

Coming in Nov 2022, BABY HARE sWAG takes BABY HARE to the mainstream by allowing any enthusiast to represent BABY HARE in the wild with official merchandise sold by a completely ownerless and non-profit, transparent organization.
